DEPARTMENT OF THE SECRETARY OF STATE,  
OTTAWA, 13th March, 1879.

SIR,—I have the honour to transmit to you herewith, a printed Circular Despatch from the Right Honourable the Secretary of State for the Colonies, and its enclosures, respecting the exempting from re-measurement, in England, Danish vessels in certain cases.

I have to request that you will cause publicity to be given thereto in the Province of British Columbia.

I have, &c.,  
(Signed) EDOUARD J. LANGEVIN,  
Under Secretary of State.

To His Honour the Lieutenant-Governor, Victoria, B. C.

## CIRCULAR.

DOWNING STREET,  
27th January, 1879.

SIR,—I have the honour to transmit to you, for information and publication in the Colony under your Government, a copy of an Order of the Queen in Council of the 30th December last, under the Merchant Shipping Acts, modifying a previous Order in Council of the 29th February, 1868, exempting from re-measurement in this country Danish Vessels, the Certificates of Danish Nationality and Registry of which are dated on and after the 1st of October, 1867.

It appears that the Board of Trade did not furnish this Department, as in the present instance, with a copy of the Order in Council of the 29th of February, 1868, for transmission to the various Colonial Governments, I therefore enclose copies of that Order which (if not already published in the Colony) should be published at the same time as the amending Order.

I have, &c.,

(Signed) M. E. HICKS BEACH.

*The Officer administering the  
Government of Canada.*

At the Court at Osborne House, Isle of Wight,  
the 29th day of February, 1868.

## PRESENT:

The Queen's Most Excellent Majesty in Council.

**W**HEREAS by "The Merchant Shipping Act Amendment Act, 1862," it is enacted, that "whenever it is made to appear to Her Majesty, that the rules concerning the measurement of tonnage of Merchant Ships for the time being in force under the principal Act, have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their Certificates of Registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their Certificates of Registry or other papers, in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the Certificates of Registry of British ships is to be deemed the tonnage of such ships."

And whereas it has been made to appear to Her Majesty, that the rules concerning the measurement of tonnage of Merchant ships now in force under "The Merchant Shipping Act, 1854," have been adopted by the Government of His Majesty the King of Denmark, and are in force in that country, and that such rules came into operation on the first of October, one thousand eight hundred and sixty-seven.

Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct, that the ships of Denmark, the Certificates of Danish Nationality and Registry of which are dated on and after the said first of October, one thousand eight hundred and sixty-seven, shall be deemed to be of the tonnage denoted in the said Certificates of Danish Nationality and Registry.

ARTHUR HELPS.

At the Court at Osborne House, Isle of Wight,  
the 30th day of December, 1878.

## PRESENT:

The Queen's Most Excellent Majesty in Council.

**W**HEREAS by "The Merchant Shipping Act Amendment Act, 1862," it is enacted that "whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of Merchant Ships for the time being in force under the principal Act, have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by Order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their Certificates of Registry or other national papers, and thereupon it shall no longer be necessary for such ships to be re-measured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their Certificates of Registry or other papers, in the same manner, to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the Certificates of Registry of British ships is to be deemed the tonnage of such ships."

And whereas by "The Merchant Shipping Act,

1876," it is enacted that when "Her Majesty has power under 'The Merchant Shipping Act, 1854,' or any Act passed or hereafter to be passed amending the same, to make an Order in Council, it shall be lawful for Her Majesty from time to time to revoke, alter, or add to any Order so made."

And whereas by an Order in Council dated 29th day of February, 1868, Her Majesty, to whom it was made to appear that the said rules for the measurement of the tonnage of Merchant Ships had been adopted by the Government of His Majesty the King of Denmark, was pleased to direct that the ships of Denmark, the Certificates of Danish Nationality and Registry of which were dated on and after the 1st of October, 1867, should be deemed to be of the tonnage denoted in the said Certificates of Danish Nationality and Registry:

And whereas certain modifications have been recently been made in the rules concerning the measurement of tonnage of Merchant Ships in force in Denmark, whereby, from and after the 1st day of October 1878, the allowance for engine room in certain steam ships will be estimated in a mode differing from that in force in this country:

And whereas it has been made to appear to Her Majesty that it is desirable to alter the said Order in Council, so far as the same applies or relates to the mode of estimating the allowance for engine room in Danish steam ships; Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct, as regards Danish steam ships that if the Owner or Master of any Merchant Ship belonging to the said Kingdom of Denmark, and measured after the said 1st day of October, 1878, which is propelled by steam or any other power requiring engine room, desires the allowance for engine room in his ship to be estimated under the rules for engine room measurement and allowance applicable to British ships, instead of under the Danish rule, the engine room shall be measured and the allowance calculated according to the British rules.
